

# Shaping the Future of Pharmacy

Magellan Rx Management is a mission-driven pharmacy benefit management (PBM) organization with a boundless desire to help others. We prove our commitment to our customers and members by ensuring we are an engaged partner that listens to their needs and delivers valuable solutions across the constantly evolving healthcare landscape.

We are shaping the future of pharmacy by:

- Unlocking the power of data to help us identify the best solutions to manage the total cost of care
- Driving clinical excellence because having the right tools and team is critical to success
- Putting the people we serve at the center of everything we do

## The Strategic PBM Partner You Need

As a next-generation pharmacy organization, we unlock the possibilities by delivering meaningful outcomes to the people we serve. We understand need for a comprehensive and integrated care model that manages the whole person. Our flexible approach, commitment to best-in-class service and innovative solutions enable true alignment with our customers, setting us apart from the competition.

### National PBM

Magellan Rx has the size and scale to provide top-of-market pricing and the resources to help deliver and manage technology and innovation. We are laser-focused on improving the quality of care and offer specialty and clinical solutions that target the entire healthcare continuum.

### MRx View

This comprehensive online reporting tool provides on-demand access to sophisticated reporting capabilities, including interactive dashboards, ad hoc query reports and scenario modeling. MRx View transforms data into meaningful and actionable information.

### MRx Select Savings

An integrated, market-leading approach that extends financial assistance for members taking high-cost specialty drugs. With this program, our customers have saved 58% or more in specialty spend.

### MRx Navigate

A suite of custom and targeted clinical programs that drive down costs and improve health outcomes, while focusing on the whole member. Our team of clinical experts take a holistic approach to care by integrating physical, behavioral, and medical care. With MRx Navigate, we provide access to education, tools and personalized resources to achieve the best outcomes and lower the total cost of care.
